

EQUIPMENT GUIDELINES

Aberfeldie Netball Club has purchased netball equipment for the club to utilise at scheduled Training sessions and Game day.

GAME DAY BAG AND EQUIPMENT

- 1x Sports bag
- 1x Netball - warm up on game day
- 1 x Netball - warm up and game day ball
- 1 x Bibs (either blue or pink)
- 1x First aid kit
- 1x Bottle holder (optional)

EQUIPMENT CONTAINER

Training equipment has been provided in the container so that coaches no longer have to bring their bags to training or purchase their own equipment.

A number of coaches have been allocated a key to open the container and must leave the padlock unlocked. The last team to leave the courts must lock the container.

Three (3) blue wheelie bins are located inside the container. The combination lock is triple zero (000). As the container is shared by a number of other clubs / trainers it is important to lock our equipment up after each training session.

The first 2 bins consist of a mixture of the following items;

- Training balls
- Cones
- Step ladder
- Spare bibs

For safety reasons equipment has been placed into net bags so that they can be easily retrieved from the bin. Please ensure equipment is returned back into the net bags provided and back in the wheelie bin for the next team to use.

The third bin is for flat balls. Place any flat training balls in this bin. These balls will be checked weekly, pumped and returned to stock.

EQUIPMENT USE

Coaches and Team Managers to ensure the following when using the equipment:

- Share the equipment between all sides that are training on the night.
- Return all equipment back to the wheelie bins at the end of training.
- Make sure the bins are locked and returned to the container if you are last to leave.

The club has gone to a lot of effort and expense to make this available. We all need to ensure the equipment is looked after so we can all benefit.
